api è una tra le più importanti realtà produttive nel panorama di settore delle pavimentazioni in resina e dal 2011 fa parte del gruppo RPM Int. Inc., sinonimo di competenza a livello internazionale. Nel corso degli anni, l'azienda ha sviluppato stretti rapporti con importanti brand di fama nazionale e internazionale, diffondendo la 'cultura della resina' e del 'Made in Italy' nel mondo.

api da sempre punta sulla qualità dei suoi materiali e la loro particolare lavorazione, attraverso un'attenta attività di ricerca e sviluppo che ha dato vita a pavimentazioni originali e di grande valore estetico, con il minor impatto ambientale.

api is one of the most important producers of resin flooring in the industry and since 2011 is part of RPM Int. Inc. family, which is internationally known for its reliability and competence. Over the years, the company has developed close relationships with leading domestic and international brands, promoting the 'Resin' and 'Made in Italy' culture worldwide.

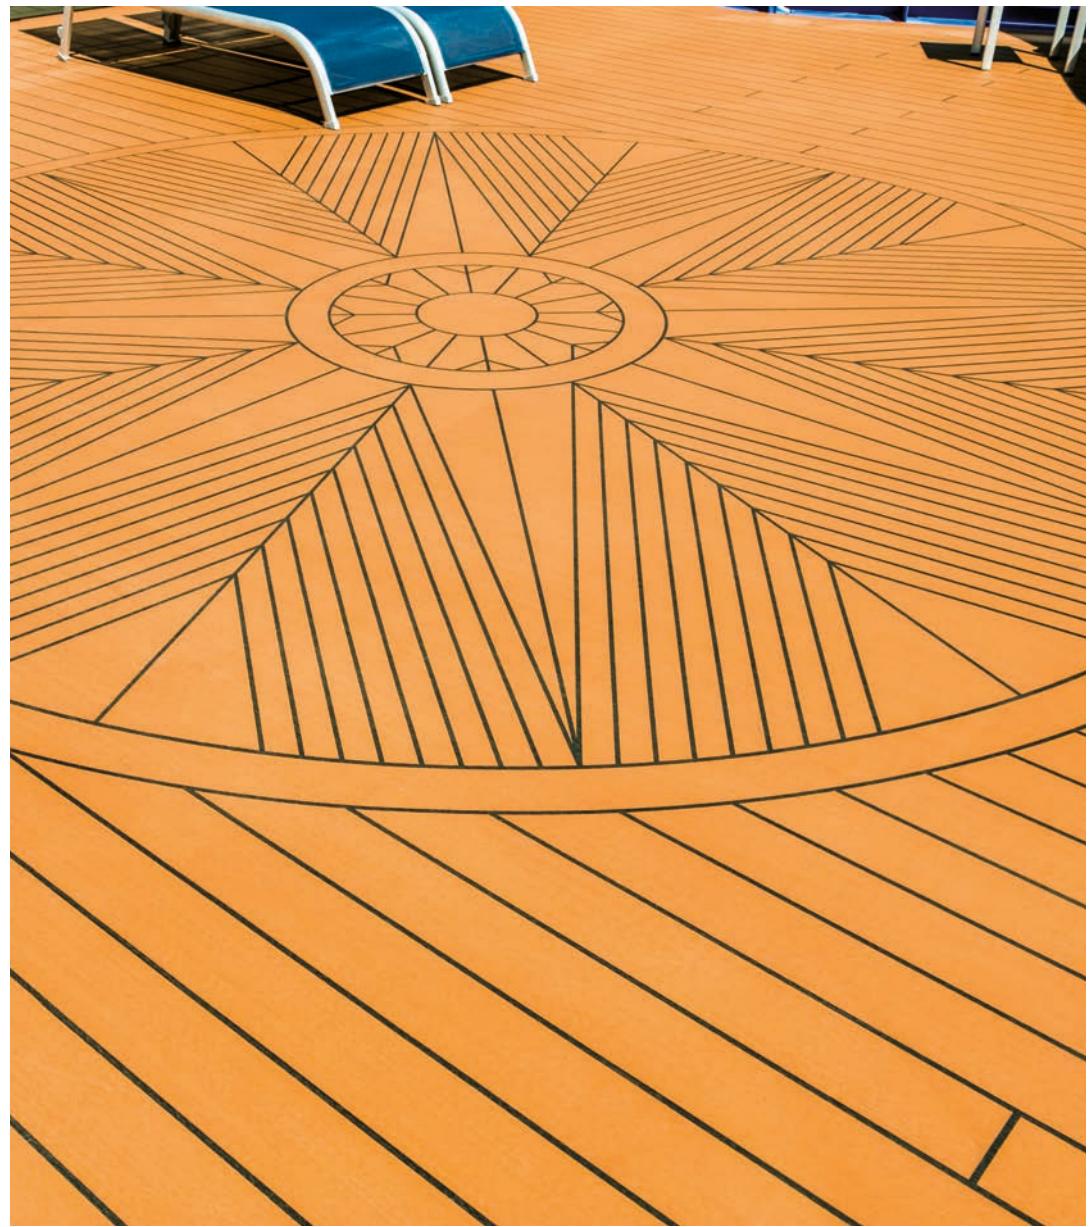

api has always focused on the quality of its materials and their special patterns, the research and development activities gave birth to original flooring solutions with a high aesthetic and decorative value as well as the lowest environmental impact.
